Work Experience

Full Stack Engineer   Jun 2023 - Present
Uncut Lab, LLC | Boston, Massachusetts, United States

I designed and implemented interactive user interfaces for websites and applications, while developing full-stack solutions that integrated both front-end and back-end functionalities. I collaborated with cross-functional teams to enhance application performance and scalability, optimizing code to ensure fast and responsive user experiences across various devices. Additionally, I integrated third-party APIs and services to extend application functionality.

Senior Frontend Developer   Nov 2022 - Aug 2024
ExpatSwap | Estonia

Working with Expatswap brings this collaborative effort ensuring splendid results on every project worked on. I worked on the Frontend together with my team to bring this awesome website to being. Constructive criticism, weightful suggestions and the willingness to make changes helped improve every masterpiece we produced.

Full Stack Engineer   Dec 2022 - Apr 2023
Platute | Sydney, New South Wales, Australia

I led full-stack development for multiple projects, managing both server-side and client-side tasks. I built and maintained scalable APIs using Node.js and Express, while also developing intuitive front-end components with NextJS to enhance user experience. Additionally, I designed responsive layouts to ensure seamless usability across mobile and desktop platforms, all while working in an Agile environment to deliver projects on time and exceed client expectations.

Full Stack Developer   Feb 2019 - Sep 2021
Alias Solutions Ltd | Accra, Greater Accra, Ghana

With my love for web technology, I worked for Alias Solutions as a full stack developer and developed systems such as USSDs, Fin-Tech Apps, etc. My experience there was interesting and I was glad to learn new techniques pertaining the work.

Secretary   Jan 2015 - Jun 2019
Neilrob | Accra, Greater Accra, Ghana

My experience at Neilrob Company Limited helped me learn a lot of Customer Experience which helps me inter-relate to Customers effectively and with ease. Team work at Neilrob has been a delightful moment
